

## Columbus Day Map

### 1971 Monday Holiday Law:

LBJ & Congress pass Monday Holiday Law (in effect in 1971), establishing Columbus Day on the 2nd Monday of October and moved three other federal holidays (Memorial, Veteran's and Washington's Bday (now Presidents' Day) to be on Mondays)

### June, 2017:

The above map reflects that as of June 2017 the indicated states, counties, cities, districts, schools, and locations have been in the national news for voting against Columbus Day and/or in favor of Indigenous Peoples' Day, or where Columbus Day was dropped as a cost-saving measure.

There are probably many not listed here where the Columbus debate is ongoing and possibly up for vote as it currently is in Los Angeles. Again, the above are just the ones publicized in the news, but there may be others.

List of locations on the map as of June 2017 that were in the news for voting against Columbus Day and/or in favor of Indigenous Peoples' Day, or for dropping Columbus Day (often as a cost-saving measure).
